FYI - we're on the calendar with John Scagnelli for January 15, 2013. I will ask John to let us know who is going to attend the meeting on behalf of Lyndhurst and pass that along.

I understand that the CPG is working on a letter responding to John's letter dated January 4, 2013. Between that, and the CPG's discussions with Lyndhurst this week, we may find that next week's meeting is a short one.

I realize that while Stephanie and Rob Law had discussed this meeting, I had not coordinated the meeting date/time with your office, and I apologize if this causes inconvenience. We did think it was important for EPA to meet with Lyndhurst before the CAG meeting, and unfortunately we had a very limited choice of dates and times.

Sarah

Sarah:

Further to our conversation yesterday, this will confirm a meeting to discuss the CPG's 90% Design Proposal for the RM 10.9 Removal Action on Tuesday, January 15, 2013 at 2:00 p.m. at our firm's Lyndhurst offices. I assume that EPA will arrange for the attendance of the CPG's representatives.

Please contact me if there is anything we need to discuss in advance of the meeting.

John,

I'm following up on my email to you on December 9, 2012, in which I suggested that EPA, the Cooperating Parties Group (CPG) and the Township of Lyndhurst meet in early January 2013. I expect your client has had an opportunity to review the CPG's 90 percent design report for the Passaic River RM 10.9 removal and may have questions or comments. Also, as you may know, on January 17, 2013, the Passaic River Community Advisory Group meeting is being held in Lyndhurst.

EPA and CPG representatives are available on January 14 and 15. Could you please check with your client and advise if either of those days will work for you? Of the two, we prefer January 15, for what its worth.

I look forward to hearing from you.

-Sarah
